

PET CT Prep

You will be brought to a waiting area and have the exam reviewed, blood glucose checked and IV started. You will then be brought to a second waiting area where the isotope will be given, IV removed and a waiting period of 1 hour without any stimulation must pass. After the hour passes you will be taken to the scan room and be placed on the scanning bed. The scan will take approximately 30 minutes depending on the area being scanned. After the scan they will be release immediately may return to previous level of activity.

If you have not been contacted by Northeastern Health System's preregistration department 2 business days before your procedure please call 918-772-4588 between 8am and 5pm to confirm your appointment. Due to the cost of the medication needed to perform these procedures **your exam may be cancelled if we are unable to contact you** and confirm your appointment prior to your procedure.

Please present yourself to the hospitals Admissions/Registration department one hour prior to the exam time for final registration and insurance purposes. Enter the doors on the left hand side of the hospital (when facing the hospital).

NO FOOD AFTER MIDNIGHT OR 4-6 HOURS PRIOR TO EXAM. MUST DRINK THREE 8 oz. GLASSES OF WATER PRIOR TO EXAM

Discharge instructions: drink plenty of fluids for hydration. Resume regular diet and medications. Follow-up with your physician's office for results.
